

Statement of ethos and aims

The Newcastle School is an independent co-educational school in Newcastle upon Tyne, located in the heart of Gosforth. From September 2026, we proudly welcome both girls and boys into a vibrant and inclusive school community that combines academic excellence, exceptional pastoral care and outstanding opportunities beyond the classroom

Building on the successful legacy of Newcastle School for Boys, The Newcastle School offers a seamless educational journey from Early Years through to Sixth Form. As a through-school, we provide continuity, consistency and a strong sense of belonging throughout every stage of a child's education.

At The Newcastle School, we combine the best of traditional education with a forward-thinking, individualised approach.

Our **aims** are simple and ambitious:

- To challenge and support each pupil to achieve the highest levels of individual academic progress.
- To nurture every pupil's character development, preparing them for life beyond school.

Everything we do is underpinned by our character values: **Community . Integrity . Resilience . Courage . Leadership . Empathy.**

These values are embedded throughout school life and help pupils develop into thoughtful, confident and capable young people ready to make a positive contribution to society
